ESOL/ESE STRATEGIES

[ESOL MATRIX](#)
[ESE STRATEGIES](#)

Steps

Step 1: Explain to students that everyone living in the United States has an immigrant past, even our Indigenous populations.

Define Indigenous for your students: Healthlines.com definition: “‘Indigenous’ describes any group of people native to a specific region. In other words, people who have lived there before colonists or settlers arrived, defined new borders, and began to occupy the land.”

Remind your students of the Native tribes on the map they saw in their JazzSLAM presentation. Share that these people were forced to migrate off their North American land onto reservations.

Explain that millions of people, such as enslaved individuals, came here unwillingly. However, many others were drawn by the promise of opportunity.

Step 2: Define the word immigration for your students. Ask your students why they think the United States is called a nation of immigrants. Write their answers on the board or using chart paper. Where possible, provide personal stories, and invite students to share their own examples, ideas, and/or questions about immigration.

Step 3: Explain to students that you’ll be seeking information about their families. Ask them to choose a family member, family friend, or neighbor to learn more about.

Step 4: Ask your students to brainstorm key questions they would want to learn more about, like the year they came to the United States, where they came from, and why they came to the United States. Write key questions shared on the whiteboard. Sample questions include, but are not limited to:

- When did you move to the United States?
- Why did you come to the United States?
- What did you like best about your former country?
- What do you like best about the United States?
- What was your favorite meal from your former country?
- What was your favorite thing to do in your former country?
- What is your favorite song or dance from your former country?

Step 5: Have students ask their family member or friend to teach them a song or dance from that country to share with their classmates.

Step 6: Provide ample time (3 - 5 days) to allow students to interview their family members. If they don’t have anyone to ask in their family, suggest they ask neighbors or family friends who may have recently moved.

JazzSLAM Lesson Plans with Common Core Standards

Lesson 2 - Primary Sources

Step 1: After students have had time to gather information from their family members, family friends, and/or neighbors, have students “pair share”.

Step 2: Ask students if they see any similarities. Ask your students if they see any differences.

Step 3: Provide your students with the definition of oral history and explain that they’ve just done an informal interview.

Step 4: Explain to your students that primary sources are the type of information that they just took in during the interview process. Primary sources are original documents and objects that were created at the time under student. Primary sources are different from secondary sources, which are accounts of events created by someone else without first-hand experience. Provide your own examples of primary sources.

| 4 Points (Advanced) | A score of four is a response in which the student demonstrates a thorough understanding of the concepts and/or procedures embodied in the task. The student has responded correctly to the task, used sound procedures, and provided clear and complete explanations and interpretations. |
| 3 Points (Proficient) | A score of three is a response in which the student demonstrates an understanding of the concepts and/or procedures embodied in the task. The students’ response to the task is essentially correct with the procedures used and the explanations and interpretations provided demonstrating an essential but less than thorough understanding. The response may contain minor flaws that reflect inattentive execution of procedures or indications of some misunderstanding of the underlying concepts and/or procedures. |
| 2 Points (Basic) | A score of two indicates that the student has demonstrated only a partial understanding of the concepts and/or procedures embodied in the task. Although the student may have used the correct approach to obtaining a solution or may have provided a correct solution, the students’ work lacks an essential understanding of the underlying concepts. |
| 1 Point (Emerging) | A score of one indicates that the student has demonstrated a very limited understanding of the concepts and/or procedures embodied in the task. The students’ response is incomplete and exhibits many flaws. Although the students’ response has addressed some of the conditions of the task, the student reached an inadequate conclusion and/or provided reasoning that was faulty or incomplete. The response exhibits many flaws or may be incomplete. |
| 0 Points | A score of zero indicates that the student has provided a completely incorrect or non-interpretable response or no response at all. |

Steps

Step 1: Explain to your students that the second line rhythm they just heard came from the Congo in Africa to different Caribbean islands and then up through New Orleans into the USA. It became the “backbone” of most popular music in the US. (Even Justin Bieber has used the Bamboula beat!) Every name for it sounds like the way you clap it! In the Congo it is called BamBOUla, in Cuba it is called TreSILlo, in Haiti TamBOUla, in Trinidad CaLYPso, and in New Orleans the street beat is again called BamBOUla. Explain to students that enslaved Africans brought these rhythms to New Orleans.

Clap the Bamboula rhythm from the Second line rhythm.

(1 2 3) 4 1 (2)& (3) 4 1 (2)& (3)

BamBOU la BamBOU la

Step 2: To further emphasize the rhythm, explain to students that they will now listen to another popular New Orleans song called ["Hey Pocky Way,"](#) made popular by The Meters. Ask the students to clap along to the Second Line rhythm/Bamboula rhythm.

Step 3: Explain to your students that in addition to the second line/Bamboula Rhythm, they may have heard some additional rhythms. The instructor will then clap another rhythm heard within "Hey Pocky Way" or another song of their choosing that demonstrates the Second Line Rhythm. The instructor will then explain that the layering of these rhythms is called a polyrhythm. The second line rhythm provides a foundation, but there is a larger community of sounds that can be made when everyone comes together.

ESOL/ESE STRATEGIES

[ESOL MATRIX](#)
[ESE STRATEGIES](#)

Steps

Step 1: Introduce your students to the concept of music and math by displaying the rhythm and math presentation.

Step 2: Explain the basic note values on the screen with your students, including the whole note, half note, quarter note, eighth note, and sixteenth note, displaying the images from the presentation.

Step 3: Using a metronome, demonstrate the note lengths on the screen by clapping the rhythms for a whole note (BIG pizza pie circle,) half note (Clap, open arms, clap, open arms,) quarter note (1 clap on each side L,R,L,R,) eighth note (2 claps on each side L to Rt.) and sixteenth note (Say these are tiny chipmunk claps, 4 on each side.) Ask your students to repeat after you, clapping along to the rhythms on the screen.

Step 4: Ask your students to break into 5 groups. The students in group 1 will clap whole notes; group 2 are half notes; group 3 are quarter notes; group 4 are eighth notes; group 5 are sixteenth notes. Set a steady pulse with a metronome with a BPM of 60. Ask your students to feel the beat by moving to the metronome from left to right (left on beat 1, right on beat 2, left on beat 3, and right on beat 4).

Step 5: Have each group (one group at a time) clap their rhythmic pattern. Whole notes clap on 1, half notes clap on 1 & 3, quarter notes clap on 1, 2, 3, and 4, etc. Once each group claps their part correctly, place all the rhythms together at the same time. Change the volume of the claps from very soft (pianissimo) to very loud (Fortissimo).

Step 6: Explain to your students that you'll be doing a Call and Response for the next clapping exercise. You will clap and/or stomp a rhythm (the call) and your students will have to replicate it back (the response).

Step 7: Play the metronome with a BPM of 60. Clap or stomp rhythms in the Rhythm and Math presentation and ask your students to replicate you. Ex. Clap, Clap, Clap Clap (on beats 1, 2, 3, and 4).

Step 8: Ask your students to create their own 4 beat rhythm. Ask your students to demonstrate their rhythm for the class, leading in a call and response similar to step 7.

Step 9: After you conclude the call and response exercise, ask your students the note lengths again, and if they see a connection between the notes they just clapped and math. What do we know about math to help us understand the note values we just clapped?

JazzSLAM Lesson Plans with Common Core Standards

Step 10: Demonstrate to your students how you can add note values together by identifying the type of note and their note value. Practice a few sample exercises on the screen.

Step 11: Have your students create their own note value math equations and share them with the class.

RI.5.5 Compare and contrast the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in two or more texts.

RL.5.2 Determine a theme of a story, drama, or poem from details in the text, including how characters in a story or drama respond to challenges or how the speaker in a poem reflects upon a topic; summarize the text.

RL.5.5 Explain major differences between poems, drama, and prose, and refer to the structural elements of poems (e.g., verse, rhythm, meter) and drama (e.g., casts of characters, settings, descriptions, dialogue, stage directions) when writing or speaking about a text.

RI.6.5 Analyze how a particular sentence, paragraph, chapter, or section fits into the overall structure of a text and contributes to the development of the ideas.

RL.6.5 Analyze how a particular sentence, chapter, scene, or stanza fits into the overall structure of a text and contributes to the development of the theme, setting, or plot.

W.6.2 Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content.

W.6.3 Write narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences.

W.6.4 Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)

W.6.5 With some guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach.

W.6.6 Use technology, including the Internet, to produce and publish writing as well as to interact and collaborate with others; demonstrate sufficient command of keyboarding skills to type a minimum of three pages in a single sitting.

W.6.9 Draw evidence from literary or informational texts to support analysis, reflection, and research.

W.6.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences.

SL.6.1 Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 6 topics, texts, and issues, building on others' ideas and expressing their own clearly.

L.6.1 Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.

Steps

Step 1: Have students get into small groups (3-4 students)

Step 2: Students will work on creating a rap song in the call & response form

JazzSLAM Lesson Plans with Common Core Standards

Step 3: Have the 1st call end on a higher pitch, (Response repeats)

Step 4: Have the 2nd call end on a lower pitch to show finality (Response repeats)

*Example: 1st call: "I've been working oh so **hard**" (voice goes up)*

*2nd call: "I feel so bad 'til the sun goes **down**" (voice goes down)*

Step 5: Give students time to write and practice their raps.

Step 6: Students perform their Raps for their classmates.

|--------------------------|---|
| 4 Points (Advanced) | A score of four is a response in which the student demonstrates a thorough understanding of the concepts and/or procedures embodied in the task. The student has responded correctly to the task, used sound procedures, and provided clear and complete explanations and interpretations. |
| 3 Points (Proficient) | A score of three is a response in which the student demonstrates an understanding of the concepts and/or procedures embodied in the task. The students' response to the task is essentially correct with the procedures used and the explanations and interpretations provided demonstrating an essential but less than thorough understanding. The response may contain minor flaws that reflect inattentive execution of procedures or indications of some misunderstanding of the underlying concepts and/or procedures. |
| 2 Points (Basic) | A score of two indicates that the student has demonstrated only a partial understanding of the concepts and/or procedures embodied in the task. Although the student may have used the correct approach to obtaining a solution or may have provided a correct solution, the students' work lacks an essential understanding of the underlying concepts. |
| 1 Point (Emerging) | A score of one indicates that the student has demonstrated a very limited understanding of the concepts and/or procedures embodied in the task. The students' response is incomplete and exhibits many flaws. Although the students' response has addressed some of the conditions of the task, the student reached an inadequate conclusion and/or provided reasoning that was faulty or incomplete. The response exhibits many flaws or may be incomplete. |
| 0 Points | A score of zero indicates that the student has provided a completely incorrect or non-interpretable response or no response at all. |

Steps

Step 1: Establish a beat and count 1-2-3-4. Lean Left on 1, Right on 2, Left on 3, Right on 4. Keep repeating! (Each 1-2-3-4 = a whole note.)

Step 2: You clap &/or stomp a 4-beat pattern (**A**= “The Call,”) which your students have to replicate back (**B**= “The Response.”) For example, you clap: Clap, clap-clap, stomp, stomp-stomp (1, 2 &, 3, 4 &)

Step 3: After your students understand, you can ask them to try to “stump” you by making up their own pattern that you must copy.

Step 4: Lastly, they can do a pattern for other students to replicate. (Don’t let the beat or swaying side to side stop until everyone is done!)

Step 3: Share the following fun facts about the Mississippi River.

- The river is about 2,202 miles long
- It is the longest navigable river in the world
- It's watershed is 41% of the USA
- The Blues traveled up the Mississippi River with musicians and people travelling on steamships to spread across the USA.
- It has many nicknames:
 - Old Man River
 - Old Muddy
 - Father if Waters
 - Mighty Mississippi
- The Mississippi River is a very musical river, with numerous songs being composed and sung over it.

RL.4.5 Explain major differences between poems, drama, and prose, and refer to the structural elements of poems (e.g., verse, rhythm, meter) and drama (e.g., casts of characters, settings, descriptions, dialogue, stage directions) when writing or speaking about a text.

SL.4.2 Paraphrase portions of a text read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally.

W.4.3 Write narratives to develop real or imagined experiences or events using effective technique, descriptive details, and clear event sequences.

L.5.1 Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.

L.5.2 Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.

L.5.3 Use knowledge of language and its conventions when writing, speaking, reading, or listening

L.5.5 Demonstrate understanding of figurative language, word relationships, and nuances in word meanings.

RI.5.2 Compare and contrast the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in two or more texts.

RI.5.7 Draw on information from multiple print or digital sources, demonstrating the ability to locate an answer to a question quickly or to solve a problem efficiently.

RL.5.5 Explain how a series of chapters, scenes, or stanzas fits together to provide the overall structure of a particular story, drama, or poem.

SL.5.2 Summarize a written text read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally.

W.5.7 Conduct short research projects that use several sources to build knowledge through investigation of different aspects of a topic.

RI.6.4 Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings.

W.6.1 Write arguments to support claims with clear reasons and relevant evidence

W.6.2 Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content.

W.6.3 Write narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences.

W.6.4 Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)

W.6.5 With some guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach.

W.6.6 Use technology, including the Internet, to produce and publish writing as well as to interact and collaborate with others; demonstrate sufficient command of keyboarding skills to type a minimum of three pages in a single sitting.

SL.6.1 Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 6 topics, texts, and issues, building on others' ideas and expressing their own clearly.

This is **A-A-B** Form which is similar to The Blues. You state the prompt as a question = the 1st A. You restate that prompt = 2nd A. You give the reason "Why"= the **B**.

Step 1: Have your students try writing a Blues Chorus. You can have them use the chords and melody of the verse of "Hound Dog" as a template.

Step 2: Have your students use their list of rhyming family words from the prior activity to create a Prompt ending in a word from the rhyming family.

JazzSLAM Lesson Plans with Common Core Standards

Step 3: Have students state their Prompt, then repeat it, then state the reason "why" (the "because" phrase to complete the idea.) They might think of someone or a situation that upsets them- to come up with some "blues" idea, OR just state a prompt, repeat the prompt & give the reason "Why"- "because...". The last word of the **A** prompt should rhyme with the last word of the **B** response.

For Example: If your A line ends with play, they make up their B response from their list.

*When you see me, my face may wear a frown.
When you see me, my face may wear a frown.
'cause my best friend is moving outa town.*

Steps

Step 1: Teach your music students the 3 chords to the blues on a keyboard or autoharp. Teach it numerically, so they can eventually practice it in different keys.

Step 2: Set up a beat of 4 beats/ bar.

- Bars 1-4 = I7 chord
- Bars 5 & 6 = IV7 chord
- Bars 7 & 8 = I7 chord
- Bar 9 = V7
- Bar 10 = IV7
- Bar 11 & 12 = I7.

Step 3: For melodic instruments or voice, you can teach students the leading tones to play.

Step 4: Use the 3rd of I7, to the b7th of IV7, & b7th of V7 for 12 Bar Blues.

For example: In the key of C: C7 = 4 bars, F7 = 2 Bars, C7 = 2 bars, G7 = 1 bar, F7 = 1 bar, C7 = 2 bars.

Leading tones = E for Bars 1-4, Eb for Bars 5 & 6, E for Bars 7 & 8, F for Bar 9, Eb for Bar 10, E for Bars 11 & 12.

Step 5: Have half of the students play the 12-bar blues while the other half sings Kansas City and then have the students switch.

JazzSLAM Lesson Plans with Common Core Standards

Steps

Step 1: Explain to students that In the 1850-1890s a huge change happened in American culture and the world! The US was an agricultural society-which means we were farm based (because America has a lot of land and a lot of crops.) With the inventions of machines, such as the train, the lightbulb-electricity, the telephone, the radio, and the car, a big shift happened in our country. People started leaving farms and migrating into cities in search of factory jobs and new opportunities. This led to the 1920s when cities were thriving and the economy was booming. Soldiers came home from World War I and the age of jazz began- there was music and dance happening everywhere! The Charleston, named after Charleston, South Carolina, took the country by storm! It was written by the great New Orleans pianist/composer, James P. Johnson. It combined that European AABA form with the rhythms from Africa.

Step 2: Ask your students for examples of how the Industrial Revolution positively (ex. More job opportunities, improvement in transportation) and negatively (ex. environmental changes, longer work hours) changed life today. Write their answers on the board or using chart paper.

Step 3: Explain to students that you'll be seeking information from the oldest person they know to learn more about the Industrial Revolution or inventions from that person's childhood.

Step 4: Ask your students to brainstorm key questions they would want to learn more about, Write key questions shared on the whiteboard. Sample questions include, but are not limited to:

- Do your parents or grandparents have any memories of what it was like before cellphones, Smart TVs, microwaves, internet and/or other inventions?
- How do you think some inventions positively impacted our lives today?
- How do you think some inventions negatively impacted our lives today?

Step 5: Provide ample time (3 - 5 days) to allow students to interview their family members. If they don't have anyone to ask in their family, suggest they ask neighbors, family members, friends, or members of their religious group.

Lesson 2 - Primary Sources

Step 1: After students have had time to gather information have students "pair share".

Step 2: Ask students if they see any similarities. Ask your students if they see any differences.

Step 3: Provide your students with the definition of oral history and explain that they've just done an informal interview.

JazzSLAM Lesson Plans with Common Core Standards

Step 4: Explain to your students that primary sources are the type of information that they just took in during the interview process. Primary sources are original documents and objects that were created at the time under student. Primary sources are different from secondary sources, which are accounts of events created by someone else without first-hand experience. Provide your own examples of primary sources.

Steps

Step 1: Have your students tell a Fairy tale they heard as a young child. (for ex. "Hansel & Gretel" or "Little Red Riding Hood.")

Step 2: Explain to the students how fairy tales are a great example of a Narrative Essay. Use the example below.

Example:

- In the opening paragraph tell "Who, what, when, where, why" details (The 1st "A".)
- Give more details of the story in the 2nd paragraph (The 2nd "A".)
- In the 3rd paragraph the BIG problem gets revealed (the "**B**" section) ex "whom do they meet in the woods?"
- Wrap the story up in the last paragraph- the "and they all lived happily after" paragraph. (the 3rd "A" section.)

Step 3: Have your students write their own fairy tale with a HUGE crazy problem they reveal in the 3rd paragraph (the "**B**" paragraph) that you solve.

Step 4: Have your students "perform" their essays for the class using a familiar tune, (for example, reading/singing their essays to the tune of Row, Row, Row Your Boat or a popular, school-appropriate pop song that they like).

Steps

Step 1: Google the lyrics for "I Got Rhythm," (Due to copyright, it is not permissible for us to distribute lyrics).

- [Sarah Vaughan sings "I Got Rhythm"](#)
- [Ella Fitzgerald sings "I Got Rhythm"](#)

Step 2: As a class project or individually, invite students to use the melody and chords for "I Got Rhythm" to come up with a Gratitude List song of their own.

Example:

Instead of "I Got Rhythm," they pick a different topic that they are grateful for, such as family and substitute examples:

A section - I've got family, I got my home, I got my mom, who could ask for anything more?

A section - I got brothers, I got sisters, I got Grandpa, who could ask for anything more?

Step 3: **B section** - states a problem- or something they are sad about or afraid of- but their gratitude list keeps them from being sad or afraid about.

Step 4: Use rhyming words in the **B** section for every other line, just like I Got Rhythm does.

Step 5: Have students pick the last word of line 2, then make a list of rhyming words to pick for the last word off the **B** section)

JazzSLAM Lesson Plans with Common Core Standards

Step 6: A section - A verse that wraps it up with more things they are grateful for.

Rubric/Instrument for Assessment

| | |
|--------------------------|---|
| 4 Points (Advanced) | A score of four is a response in which the student demonstrates a thorough understanding of the concepts and/or procedures embodied in the task. The student has responded correctly to the task, used sound procedures, and provided clear and complete explanations and interpretations. |
| 3 Points (Proficient) | A score of three is a response in which the student demonstrates an understanding of the concepts and/or procedures embodied in the task. The students' response to the task is essentially correct with the procedures used and the explanations and interpretations provided demonstrating an essential but less than thorough understanding. The response may contain minor flaws that reflect inattentive execution of procedures or indications of some misunderstanding of the underlying concepts and/or procedures. |
| 2 Points (Basic) | A score of two indicates that the student has demonstrated only a partial understanding of the concepts and/or procedures embodied in the task. Although the student may have used the correct approach to obtaining a solution or may have provided a correct solution, the students' work lacks an essential understanding of the underlying concepts. |
| 1 Point (Emerging) | A score of one indicates that the student has demonstrated a very limited understanding of the concepts and/or procedures embodied in the task. The students' response is incomplete and exhibits many flaws. Although the students' response has addressed some of the conditions of the task, the student reached an inadequate conclusion and/or provided reasoning that was faulty or incomplete. The response exhibits many flaws or may be incomplete. |
| 0 Points | A score of zero indicates that the student has provided a completely incorrect or non-interpretable response or no response at all. |

ESOL/ESE STRATEGIES

[ESE STRATEGIES](#)

Steps

Step 1: Teach your music students the chords to “Rhythm Changes” on the keyboard.

(Note: “Rhythm Changes” = 32 bar song form)

- A= 8 bars
- 2nd A = 8 Bars
- **B** = 8 Bars
- 3rd & last A = 8 bars.

Step 2: Teach it numerically, so they can practice it in different keys.

(Note: In the A sections, students will simply alternate between the I chord and the V7 chord.)

1st 8 bars = 1st A:

- Bar 1=I
- Bar 2=V7
- Bar 3=I
- Bar 4=V7
- Bar 5=I

- Bar 6=V7
- Bar 7 & 8 = I

*Repeat these 8 Bars for 2nd A

B

III7 for 2 Bars

VI7 for 2 Bars

II7 for 2 Bars

JazzSLAM Lesson Plans with Common Core Standards

V7 for the last 2 Bars.

*Repeat 8 bars of A

For Example: In C: 1st A: C= Bar 1, G7= Bar 2, C = Bar 3, G7= Bar 4, C = Bar 5, G7 = Bar 6, C = Bars 7 & 8

2nd A same

***B:** E7 for 2 bars, A7 for 2 Bars, D7 for 2 Bars & G7 for last 2 bars*

3rd A same as 1st 8 Bars

Step 3: Using the JazzSlam theme song, students create a prompt/topic for the 2 **A** sections.

Step 4: State a problem related to the prompt/topic in the **B** section,

Step 5: Wrap it up with a final **A**. (See below for JazzSLAM lyrics)

*For Example: Details such as who, what, when, where, why in the 1st 2 A sections. Problem revealed in the **B** section. Solve the problem/wrap it up in the last A section.*

JazzSLAM Theme Song lyrics

JazzSLAM are you lookin for some glory?
JazzSLAM then learn to write a story!
JazzSLAM write it from your heart,
but first you have to understand the form.

JazzSLAM. The form is the way
JazzSLAM. To organize what you say.
JazzSLAM in both stories and opinions
you can say just what you mean.

If your mind is in a fuddle, and your thinking's all a-muddle,
come and spend an hour with us.
If confusion is an issue, you can cry into your tissue,
but your teachers will continue to fuss.

JazzSLAM. Watch everyone's reactions
JazzSLAM. when you rattle off all your fractions.
JazzSLAM. The music and the lyrics
can help you with your writing and your math,
can help you with your writing and your math

Steps

Step 1: Have your students make up silly nonsense syllables to “Scat” to “I Got Rhythm.”

Step 2: You can use this [I’ve Got Rhythm - Karaoke version](#) for them to scat to. Each scat you sing should be 2 bars for beginners to learn the form. (Note start scatting the **A-A-B-A** form after the 8 bar Intro, ie. start singing at 0:14.)

Step 3: Sing through the whole form with you scatting:

1st “**A:**” you scat for 2 bars, then they repeat it for 2 bars. You scat for 2 more bars, they repeat it

2nd “**A:**” you scat for 2 bars, then they repeat it for 2 bars. You scat for 2 more bars, they repeat it

B: you scat for 2 bars, then they repeat it for 2 bars. You scat for 2 more bars, they repeat it.

3rd & last “**A:**” you scat for 2 bars, then they repeat it for 2 bars. You scat for 2 more bars, they repeat it.

| 4 Points (Advanced) | A score of four is a response in which the student demonstrates a thorough understanding of the concepts and/or procedures embodied in the task. The student has responded correctly to the task, used sound procedures, and provided clear and complete explanations and interpretations. |
| 3 Points (Proficient) | A score of three is a response in which the student demonstrates an understanding of the concepts and/or procedures embodied in the task. The students’ response to the task is essentially correct with the procedures used and the explanations and interpretations provided demonstrating an essential but less than thorough understanding. The response may contain minor flaws that reflect inattentive execution of procedures or indications of some misunderstanding of the underlying concepts and/or procedures. |
| 2 Points (Basic) | A score of two indicates that the student has demonstrated only a partial understanding of the concepts and/or procedures embodied in the task. Although the student may have used the correct approach to obtaining a solution or may have provided a correct solution, the students’ work lacks an essential understanding of the underlying concepts. |

Steps

Step 1: On graph paper, draw a contour of a simple melody. (Nursery rhymes work well.)

Step 2: Sing the 1st 2 notes of the song for your students, then point to the other notes. Give your students one other clue. (You can use “Ba, Ba Black Sheep” or the “A-B-C Song,” which both have the same contour at “Twinkle, Twinkle...”)

Step 3: Ask them to guess the “mystery song.” The point is that they will begin to see contours of melodies.

*Have your more advanced students try to draw a contour of a melody that you or other students try to guess.

Steps

Step 1: Pick a word that rhymes at the end of every other line of each section by making a Rhyming family list.

Step 2: Students come up with a topic and follow the form of **Bun-Burger-Burger-Bun** to state their opinion about their topic. A suggested Opinion Essay would be to write an opinion essay for the Prince in The Little Mermaid. Ask students what the Prince might pick for a title to his opinion essay and what are two reasons he might use to convince the Little Mermaid of his opinion.

Note: If they follow the form exactly of The Little Mermaid song, they need to throw in an extra Bun between the Burgers, so this form is more like a Whopper than a "Double Burger!"

JazzSLAM Lesson Plans with Common Core Standards

Step 3: 1st paragraph (**A**) states their opinion,
 2nd paragraph (1st **B**) gives their 1st REASON for their opinion,
 (Optional repeat of **A**-the Chorus.)
 3rd paragraph (2nd **B**) gives their 2nd REASON for their opinion,
 Last paragraph (**A**) wrap it up by restating their opinion.

This form is also called **Chorus-Verse-Verse-Chorus** music form.

Steps

Step 1: Pick a word that rhymes at the end of every other line of each section by making a Rhyming family list.

Step 2: Students come up with a fact and follow the form of **Bun-Burger-Burger-Bun** to state their prompt (the fact) about their topic.

Step 3: 1st paragraph (**A**) states their prompt (the fact)

2nd paragraph (1st **B**) gives their 1st EXAMPLE of their prompt (their fact)

3rd paragraph (2nd **B**) gives their 2nd EXAMPLE of their prompt (their fact)

4th paragraph (**A**) wrap it up by restating their prompt (their fact).

Like opinion essays, this form is also called **Chorus-Verse-Verse-Chorus** music form.

4 EXs: EXplanatory, EXamine a topic, EXplain it, and give EXamples

Example:

- *State a fact/the Prompt in 1st **A**, such as “My school has students from all over the world.”*
- *Give examples in the 2 **B**’s, one **B** could be a list of some Caribbean Islands, & 2nd **B** could be European countries or Far Eastern countries.*
- *Last paragraph (last **A**) restates the prompt.*

Rubric/Instrument for Assessment

|--------------------------|---|
| 4 Points (Advanced) | A score of four is a response in which the student demonstrates a thorough understanding of the concepts and/or procedures embodied in the task. The student has responded correctly to the task, used sound procedures, and provided clear and complete explanations and interpretations. |
| 3 Points (Proficient) | A score of three is a response in which the student demonstrates an understanding of the concepts and/or procedures embodied in the task. The students’ response to the task is essentially correct with the procedures used and the explanations and interpretations provided demonstrating an essential but less than thorough understanding. The response may contain minor flaws that reflect inattentive execution of procedures or indications of some misunderstanding of the underlying concepts and/or procedures. |
| 2 Points (Basic) | A score of two indicates that the student has demonstrated only a partial understanding of the concepts and/or procedures embodied in the task. Although the student may have used the correct approach to obtaining a solution or may have provided a correct solution, the students’ work lacks an essential understanding of the underlying concepts. |
| 1 Point (Emerging) | A score of one indicates that the student has demonstrated a very limited understanding of the concepts and/or procedures embodied in the task. The students’ response is incomplete and exhibits many flaws. Although the students’ response has addressed some of the conditions of the task, the student |

Steps

Step 1: Play the video *New Orleans Second Line Dancers Video* for your students: [If Cities Could Dance](#)

Step 2: After watching the video, ask your students about what kinds of things they noticed during the video. Write down responses on the whiteboard.

Step 3: Explain to students that they have just seen some short clips of a Second Line, which is a parade tradition in New Orleans. In New Orleans, a “first line” of the parade are the members of the actual parade, which includes the brass band. The “second line” are those who follow the band, parading, enjoying the music, and doing the traditional style of dance, which

JazzSLAM Lesson Plans with Common Core Standards

often involves a parasol or handkerchief. The second line can be used for weddings, funerals, and just about anywhere you can possibly imagine.

Step 4: Show a clip of the Treme Sidewalk Steppers Second Line to your students. During the video, ask your students to observe the dancing and the movements: [Treme Sidewalk Steppers](#)

Step 5: Ask your students what they noticed about the dancing in the video. Then show your students the Second Line instructional video: [How to Second Line](#). Each bar alternates which footsteps on the 1st beat.

Example: “2nd Line” dancers following a brass band in parade [Treme sidewalk steppers 2010](#).

Step 7: Make a parade to Louis Armstrong and his band playing [When The Saints](#)

- Grab an umbrella and parade around in your yard or classroom while doing the dance!
- Move the umbrella as high as you can, then down to shoulder height.
- Blow a whistle if you have one!

Step 8: Teach it to family members &/or classmates
